

Centennial Woods Reclaimed Plank Flooring

Centennial Woods reclaimed wood from Wyoming Snowfence is now available as plank flooring.

Harvested for second use from the mountainsides and open prairies of Jackson to Newcastle and Sheridan to Saratoga, our reclaimed wood is naturally dried for decades by one of our state’s greatest natural resources: the Wyoming wind.

You might call it lightning in a bottle for Centennial Woods. Combined with the open skies, clean air, intense sun and extreme winters, it’s a legendary force of nature found only in the Cowboy State and it produces an intensely beautiful, perfectly dried, strong and true reclaimed board.

We mill our planks at 50% skip planed or 100% planed surfacing to reveal the most stunning elements of the wood including knots, nail holes and intricate grain patterns. Then by selecting one of many finishes, a number of breathtaking hues emerge, including a textured grey, ethereal silver, charcoal black, sun-baked red, moody blue or modern blonde.

The sheer length, consistent strength, wind-weathered hand and reclaimed pedigree of our plank flooring adds drama, texture and a pure-west story to any space—residential or commercial.

Centennial Woods stands behind its products

Reclaimed wood from Wyoming snowfence is naturally weathered. Knots, nail holes and varying patina are part of its charm and should be expected in both milled and unmilled boards. If you are not satisfied with your order, let us know within 10 days of delivery and we will work with you to make it right.

<i>Length & Width</i>	3/4" x 5" wide 4-12 foot random lengths in 100 square-foot packs
<i>Standard Milling</i>	Denailed, T&G, end-matched, back relief
<i>Milling Options</i>	50% skip planed or 100% planed surfacing
<i>Moisture Content</i>	7% (nominal)
<i>Recommended Finishes</i>	Flooring is delivered unfinished. Polyurethane, tung oil, beeswax, a variety of stains and other varnishes work well. Every product produces different results, please test to produce desired coat and color for each project.
<i>Standard Overage</i>	Recommend standard 15% additional footage
<i>Special Orders</i>	Special packs of up to 16 foot length and down to 3 inch width are available
